25X1 1. [] Received a call from []
office, DDP/NARCOG, asking for the membership of the CIA Subcommittees
of the House and Senate Appropriations Committees. Walter Minnick, of the
25X1 White House, had requested this information in connection with the CCINC
meeting this morning. I gave [] office the names of the members of the
Intelligence Operations Subcommittee of the Senate Appropriations Committee
and suggested they advise Minnick that there is no formal CIA Subcommittee
of the House Appropriations Committee, that Chairman Mahon regards as
classified information the names of the persons on his Committee having
detailed knowledge of Agency activities. Therefore, this information could 25X1
not be given out over the telephone. I said if there was any further questions
on this to have Minnick give me a call.

14. In response to a call from Mr. Bill Ashworth, Senate Foreign Relations Committee staff, I called Carl Marcy, Chief of Staff, to say we would be glad to provide a briefing on Soviet strategic missile development to Committee members, but not to staff level personnel only. After checking with the Chairman and several members, Marcy arranged an informal Committee meeting for 3 o'clock at which Mr. Duckett covered the missile situation on the basis of SI and TKH material. See Memorandum 25X1 for the Record.

6. [redacted] Discussed with Bill Woodruff, Counsel,
Senate Appropriations Committee, the possibility of the Director meeting
with Senator McClellan regarding a number of sensitive projects about which
the Senator had expressed to Woodruff some concern. Woodruff said he
thought there was no hurry about this but we should expect the Senator to
bring them up when he has a formal Agency briefing which he hopes to have
soon after Labor Day.

1. On Saturday, 12 August, Dorothy Fosdick, of Senator Jackson's Subcommittee on National Security and International Operations, called to say the Senator wished her and Mr. Perle, of the Subcommittee staff, to get an updated briefing on the Soviet ICBM program explaining the Senator was carrying the "full load" in raising this issue in connection with the upcoming SALT debate on the Senate floor. She asked if it would be possible to get Carl Duckett, DDS&T, to brief them over the weekend. I said I thought this would be out of the question and after consulting Duckett I called back to say I thought the best we could do would be a briefing Monday morning, and this would have to be for the Senator, not staff personnel alone although there would be no objection to cleared members of his staff listening in. We tentatively agreed on 10 a.m. in the Senator's private Capitol office which I said would be subject to the Director's okay.

The Director having approved the above briefing, I accompanied Mr. Duckett who met with the Senator and Miss Fosdick and Mr. Perle and covered the latest developments regarding the Soviet ICBM picture in some detail emphasizing the sensitivity of much of the information.

Senator Jackson asked if we had had a session with Senator McClellan since he had taken over the Appropriations Committee. I said we had not and Jackson said McClellan had indicated he would want to get some guidance from Jackson regarding intelligence community matters. I mentioned to Jackson that in this case he might want to call McClellan's attention to the important role played by Bill Woodruff in handling the staff responsibility on intelligence matters. Jackson said he certainly appreciated the importance of Woodruff remaining on the job and would pass this thought on to McClellan. See Memorandum for the Record.
